WHISPER® SHEER SHADINGS

Stylish, Versatile & Energy Efficient

WHISPER® Sheer Shadings

Innovative and elegant, Whisper Sheer Shadings combine the look of shades and blinds into one unique design.

Whisper Sheer Shadings combine a series of tilting fabric vanes suspended between two layers of sheer fabric, offering the ultimate in light control and privacy.

Simple, stylish and highly functional, Whisper Sheer Shadings diffuse light to a soft glow while allowing you to maintain your view.

A photograph of a window with horizontal blinds, partially open, showing a view of the outdoors. The blinds are light-colored and have a textured surface. The window is set in a room with wooden flooring and a light-colored rug. The text is overlaid on a white rectangular background.

Secure Daytime Privacy

The view from the street is obscured during the day while retaining your view to the outside.

Enhances Natural Daylight

Sheers disperse sunlight deep into the room, reducing the need for electric lights.

Child Safe Operation

Sheer Shadings offer innovative operating systems, with child-safe options for total peace of mind.

Variable Light Control

Sheer Shadings feature soft fabric vanes suspended between two sheer layers of fabric. Vanes tilt to achieve just the right amount of natural light and privacy.

Room Darkening

Opacity: Control Light & Privacy with Ease

Room Darkening

Darkens the room whilst providing complete privacy without total darkness.

Translucent

Great day time visibility so you can still enjoy the outside view whilst diffusing the harsh outside light.

Translucent

50mm

65mm

75mm

Vane Size

Each vane size offers its own aesthetic appeal—from the understated 50mm to the bold 65mm and 75mm vane sizes.

Open Vanes

Tilted Vanes

Closed Vanes

Versatile Viewing Range

Open Vanes - Light is gently filtered whilst maintaining the outside view.

Tilted Vanes - Light is further filtered providing some privacy.

Closed Vanes - Complete privacy without total room darkness.

Operating Options

Featuring colour coordinated hardware, the fabric is totally concealed in the Headrail when raised. Sheer Shades offer innovative operating systems, with child-safe options for total peace of mind.

CordLoop

SingleCord

CordLoop

Continuous cord loop system to raise or lower shades.

SingleCord

Retractable pull cord operation that remains at the same length whenever the shade is raised or lowered.

AMP™ Motorisation

AMP™ MOTORISATION

AMP motorisation is designed to deliver next level innovation with a smart, seamless user interface offering convenient operation of your honeycomb or sheer shadings at the press of a button.

- Low DC voltage with no electrician required to install.
- Controlled via a 15 channel remote control, wall switch or APP using USB Bridge.
- AMP™ USB Bridge allows bi-directional communication with shade position reporting & battery level status.
- Voice control integration with Amazon Alexa, Google Assistant, Apple shortcuts and IFTTT. choice for Child Safety.

Fabric Collection

Made from anti-static 100% polyester that aids in the resistance of dust, Whisper Sheer Fabrics are easy to clean and are available in a range of colours, vane sizes and opacities.

Care & Cleaning

Whisper Sheer Shades are easy to clean and are designed to be dust resistant. However, care must be taken to avoid wrinkling the fabric, particularly where the vanes meet the facings.

General Care (GC)

Dust with a feather duster, compressed air or a hair dryer set on cool.

Vacuum (VC)

Use a low suction, hand-held vacuum for more thorough dust removal.

UltraSonic (US)

Professional ultrasonic cleaning services are an effective means of cleaning translucent fabrics only.
